

As an international student, you have a few extra steps to take in order to attend St. John's College. We're here to help.

Step 1: Submit your tuition deposit and the International Student Certification of Finances Form.

Once you have made the decision to attend St. John's, you need to submit your \$300 non-refundable tuition deposit, a copy of the photo page on your passport, and the International Student Certification of Finances Form for the full cost of attendance for the 2018-2019 first year of expenses. If you are currently in F1 status, we will also need a copy of your current I-20, your I-94 form, if available, and your visa stamp.

On page 2 you will find budget worksheets. Complete the budget worksheet for your campus to understand the assets you need to show the college and the U.S. Embassy.

If you plan to apply for Financial Aid, your International Student Certification of Finances must show that you are able to cover any expenses not covered by your aid.

Step 2: Fill out the required forms.

After you have submitted your enrollment deposit and the other required documents listed above, the college will send you an I-20 form by expedited carrier (i.e., FedEx, DHL) and not by email. Sign it, complete the online nonimmigrant visa Application (in many countries this is Form DS-160), and pay the SEVIS I-901 fee; the website to pay the fee is www.fmjfee.gov. The process for applying for a visa can vary by country. Additional information regarding these forms, fees and the general visa process can be found on the U.S. State Department's website at <https://travel.state.gov/content/travel/en/us-visas/study/student-visa.html>.

Step 3: Schedule your interview.

It is recommended that visa applicants interview at the U.S. Embassy or Consulate in the country where they live. Wait times at interview locations can vary, so it is best to apply for your visa as early as possible, but not more than 90 days before the start of classes.

You will need to pay the non-immigrant visa application fee prior to your interview with U.S. State Department personnel. Keep your receipt or online confirmation for this fee and for the SEVIS I-901 fee because you will need them. You will also need the confirmation page for your non-immigrant visa application, your complete I-20 form, and a passport valid for travel which shows a minimum six month valid expiry date beyond the contemplated period of stay. It is in your best interest to have an additional copy of all relevant forms, receipts and documents just in case there is an issue at any point in this process.

Step 4: If required, pay the visa issuance fee.

When your visa is approved, you may be required to pay a visa issuance fee dependent upon your nationality. This information can also be found on the website referenced above. Note that a transit visa may be required.

We strongly recommend that you wait to finalize your travel plans until after your visa has been issued. Since the timing can be unpredictable, we encourage you to begin this process as early as possible. Once you receive your visa, you may enter the United States 30 days before the start of classes, but are responsible for your own housing until your campus housing becomes available in August. On the Annapolis campus housing move-in is August 19, and on the Santa Fe campus, housing move-in is on August 21.
